BULLPEN BULLETINS

The New Universe, Part II

Last month I gave you a glimpse of the first two New Universe titles, *Star Brand* and *Spitfire and the Troubleshooters*. This month, as promised, a peek at the rest of the line!

Psi-Force

One is a psychic healer.
One can project his astral self.
One is a telepath.
One is telekinetic.
One can use psionic powers to explode things.

Divided, they're vulnerable to exploitation — by individuals, by organizations, by governments.

United, they can mindmeld and create a single being who possesses all of their paranormal abilities. United they're invincible.

Kickers, Inc.

Jack Magnificante, the highest paid professional athlete in the world, perhaps the most gifted physical specimen ever to wear a football uniform, has a problem. Yesterday, suddenly, by means he can't understand, he became much stronger, much faster than before.

It cost him the life of his brother.

It will change his life forever.

And that's just the beginning.

D.P. 7

They are strange.
They are horrifying.
They are constantly ridiculed.

They are seven people, out of place in the world.

Seven people afraid of what they are; afraid of what might become of them. Seven of the most dangerous beings ever to walk the face of the earth.

Nightmask

He's Keith Remsen.
She's his sister Teddy.

Together they run a unique psychoanalytical consulting service. With Teddy's help, Keith can enter the dreams of others, roam the labyrinths of their minds and, in the process, help the seriously disturbed. Keith remains anonymous in their clients' dreams, however. Protected from their psychological defenses by a psychophysically manifested camouflage. It's called the Nightmask.

Justice

He was a warrior. A law officer in his own world. He has the awesome power to destroy, to shield, to protect and to read the true nature of a man by his aura. How he came to this place he cannot remember. But this he knows — the good must be protected and the evil must be exterminated. He is Justice.

Merc

Combat. It is what he does best. He's Mark Hazard, a Vietnam veteran who has gone on to become a soldier of fortune, selling his fighting abilities to military causes he believes in — or, at

least, can live with. It has cost him, though. Cost him his wife. His son. The love of his parents. The other mercs are Mark's only family now. But what choice does he have? Combat is what Mark Hazard does best.

Ever Wish...

...you'd been collecting comics in 1961 so you could have picked up *Fantastic Four* #1, and all those other now-rare early Marvel issues? Well, don't miss the chance to get in on the ground floor of the New Universe, then. Another chance like this probably won't come along for another twenty-five years.

Universe News...

is the name of the special Bullpen Bulletins-type news and information column making its debut in New Universe first issues. The initial column explains exactly what the big differences are between the New Universe and all other comics. Don't miss it!

Strive on!
